This was a bit of info a Kubota salesman told a while back. The LA211 loader featured an easy-to-use attach/detach pin. No tools required to remove. This made it nice for mowing so you didn't have to keep your eye on where the bucket was while mowing around the house or buildings. The roll back feature on the bucket was a single

I downloaded the LA211 parts manual and it shows everything, it actually shows a mounting plate for the valve and a block assy hydraulic that goes over the 4 way valve outlets and secures to the valve body with banjo bolts into the outlet holes which redirects the fluid to a four outlet block that has all four holes inline. I think this will work.
